邢台概况

邢台是河北省南部城市，东临大运河，西倚太行山东麓，北连石家庄，遥望北京和雄安新区，是连接晋、冀、鲁、豫四省的枢纽之城，辖20个县（市、区），总面积1.25万平方公里，常住人口711万；2021年，预计全市实现生产总值2427亿元，全部财政收入完成316.6亿元，城镇、农村居民人均可支配收入分别达到35758元、16736元。

2021年9月邢台市明确了建成中高端制造业集聚城市的定位，立足邢台市的产业基础、资源禀赋，围绕巩固提升传统优势产业、发展壮大新兴产业，突出重点，精准施策，瞄准25个重点产业链推行“链长制”招商，建链、补链、延链、强链。围绕巩固提升传统优势产业重点发展冶金矿山装备、高端精密轴承、自行车童车、钢铁深加工、玻璃深加工、橡塑制品、羊绒深加工、棉纺织深加工、煤化深加工等9个传统优势产业链；围绕发展壮大新兴产业重点发展智能制造装备、智能电网及输配电装备、现代农机及食品机械、应急装备、太阳能光伏、新型储能设备、汽车及新能源汽车、氢能、电子信息、生物医药、灰铸铁厨具、稀有金属等12个新兴产业链；鼓励支持粮食深加工、肉类深加工、乳制品、宠物食品等4个重点产业链补链延链强链。

邢台现有1家国家级产城融合示范区，3家省级高新技术产业开发区，16家省级经济开发区，规划总面积540平方公里，区内共有企业主体1万余家，开发区区位优势，交通便利，高质量发展步伐不断加快。2021年，预计全市省级开发区营收7500亿元，利用外资6亿美元，各指标增速在两位数以上，指标贡献占到全市半壁江山，已成为我市经济发展的重要承载平台。

我市已经形成了世界最大的羊绒及其制品集散地清河经济开发区、世界最大的绿色能源太阳能单晶硅生产基地邢台经济开发区和宁晋经济开发区、中国最大的玻璃生产基地沙河经济开发区、中国最大的方便食品生产基地邢台高新技术产业开发区、中国最大的自行车及零配件生产加工基地平乡高新技术产业开发区、中国最大的宠物食品生产基地南和经济开发区、中国最大的轴承生产及销售集散地临西轴承工业园区等。聚集了纳科诺尔——千分之三毫米精度极片轧制设备制造商、玉锋集团——全球最大的维生素B12生产基地、金沙河——全国最大的挂面生产基地、光明集团——全球单体最大的工厂化食用菌生产基地、长城汽车——邢台新能源商用车基地、华为大数据中心——冀南云计算大数据中心等一批知名企业。

XINGTAI OVERVIEW

Xingtai is a city in the south of Hebei Province, with the Grand Canal in the east, taihang Mountain in the west, Shijiazhuang in the north and Beijing and Xiongan New Area in the distance. It is a hub city connecting Shanxi, Hebei, Shandong and Henan provinces. It has jurisdiction over 20 counties (cities and districts) with a total area of 12,500 square kilometers and a permanent population of 7.11 million. In 2021, it is expected that the city's GDP will reach 242.7 billion yuan, the total fiscal revenue will reach 31.66 billion yuan, and the per capita disposable income of urban and rural residents will reach 35,758 yuan and 16,736 yuan respectively.

Built in September 2021 xingtai has been clear about the localization of high-end manufacturing agglomeration in the city, xingtai based industrial base, the resources endowment, consolidate the traditional advantage industry, developing new industry, focused, precise ShiCe, aimed at 25 key chain "chain length" investment, construction chain, chain, chain, chain. Focusing on consolidating and upgrading traditional advantageous industries, it focuses on developing nine traditional advantageous industrial chains, including metallurgical mining equipment, high-end precision bearings, bicycle and baby carrier, deep processing of steel, deep processing of glass, rubber and plastic products, deep processing of cashmere, deep processing of cotton textile, and deep processing of coal chemical. Around developing emerging industries focus on developing intelligent manufacturing equipment, smart grid and electric power transmission and distribution equipment, modern agricultural machinery and food machinery, emergency equipment, solar photovoltaic (pv), a new type of energy storage equipment, automobile and new energy vehicles, hydrogen power, electronic information, biological medicine, grey cast iron cooking utensils, rare metal and so on 12 emerging industry chain; We will encourage and support the four key industrial chains of grain deep processing, meat deep processing, dairy products and pet food.

Xingtai now has 1 national industry-city integration demonstration zone, 3 provincial high-tech industrial development zones and 16 provincial economic development zones, with a planned total area of 540 square kilometers. There are more than 10,000 enterprises in the zone. The development zone has excellent location and convenient transportation, and the pace of high-quality development is constantly accelerating. In 2021, the revenue of provincial-level development zones is expected to reach 750 billion yuan, and foreign investment is expected to reach 600 million US dollars. The growth rate of all indicators is in double digits and the contribution of indicators accounts for half of the whole city. It has become an important platform for the economic development of the city.

Our city has already formed the world's largest cashmere products base of qinghe economic development zone, the world's largest production base of green energy solar monocrystalline silicon xingtai economic development zone and NingJin economic development zone, China's largest production base of glass sand river economic development zone, China's largest production base of convenience food xingtai high and new technology industry development zone, China's largest bicycle and spare parts Production and processing base pingxiang High-tech Industrial Development Zone, China's largest pet food production base Nanhe Economic Development Zone, China's largest bearing production and sales center Linxi bearing industrial Park, etc. Gathered naco Noel - three over one thousand of a millimeter precision sheet rolling equipment manufacturers, jade feng group, the world's largest production base of vitamin B12, jin sha, manufacture of the country's largest production base, light group, the world's single largest factory edible fungus production base, the Great Wall - xingtai new energy base of commercial vehicle, huawei's big project JiNa cloud data center Big data centers and other well-known enterprises.

临西县-知名轴承企业合作项目

LINXI COUNTY WELL-KNOWN BEARING ENTERPRISE COOPERATION PROJECT

01

项目内容

THE PROJECT CONTENT

项目拟引进国内外知名轴承企业1-2家，或与轴承龙头企业在技术研发、产品配套等方面开展合作，也可并购现有轴承企业，争取建成1-2家轴承集团。临西县拥有轴承生产销售及配套企业400余家，从业人员6万余人，拥有河北省轴承技术研究院、轴承技工学校等产业服务平台。临西县轴承大世界市场于2020年12月被商务部确定为重点联系商品市场，构建起了产、学、研、展、销“五位一体”的产业服务体系。为做大做强轴承产业，大力实施“增品种、提品质、创品牌”三品工程，积极培育龙头企业，对落户的轴承龙头企业，临西县将在项目用地、人才引进、技术研发、设备升级等方面给予全方位的扶持政策 and 行政审批等服务支持。

The project plans to introduce 1-2 well-known bearing enterprises at home and abroad, or cooperate with leading bearing enterprises in technology research and development, product matching, etc., or acquire and acquire existing bearing enterprises, striving to build 1-2 bearing groups. Linxi County has more than 400 bearing production and sales and supporting enterprises, more than 60,000 employees, with Hebei bearing technology research institute, bearing technical school and other industrial service platforms. Linxi bearing world market was identified as a key commodity market by the Ministry of Commerce in December 2020, and established a "five-in-one" industrial service system of production, learning, research, exhibition and sales. In order to make the bearing industry bigger and stronger, the three products project of "increasing variety, improving quality and creating brand" is vigorously implemented and leading enterprises are actively cultivated. Linxi County will give all-round support policies and administrative approval and other services to the leading bearing enterprises that have been established in Linxi County in terms of project land use, talent introduction, technology research and development, equipment upgrading and other aspects.

临西县-年产2000万件轴承保持器项目

LINXI COUNTY ANNUAL OUTPUT OF 20 MILLION PIECES OF BEARING RETAINER PROJECT

01

项目内容

THE PROJECT CONTENT

项目总投资3亿元，建设年产2000万件轴承保持器项目，规划用地面积100亩。项目建成后，预计年可生产0类、三类、七类轴承保持器2000万件，年产值近5亿元，实现税收1亿元。临西县与周边馆陶、临清等地区构成了我国第五大轴承产业集聚区，区内拥有规模以上企业约200家，对轴承保持器需求量巨大，产业和市场优势十分明显。该项目拟选址于运河轴承双创中心，双创中心总建筑面积约12万平方米，建设有科技创新研发车间、仓库、宿舍楼及配套服务设施，可为企业提供创业孵化服务、企业管理服务、政策指导服务及配套设施服务。

The total investment of the project is 300 million yuan, and the annual output of the project is 20 million pieces of bearing retainers. The planned land area is 100 mu. After the completion of the project, it is expected to produce 20 million pieces of class 0, class 3 and class 7 bearing retainers annually, with an annual output value of nearly 500 million yuan and a tax revenue of 100 million yuan. Linxi County and the surrounding Guantao, Linqing and other areas constitute the fifth largest bearing industry agglomeration area in China. There are about 200 enterprises above the designated size in the area, and the demand for bearing retainer is huge. The industry and market advantages are very obvious. The project is planned to be located in Yunhe Bearing Innovation and Innovation Center, with a total construction area of about 120,000 square meters. The center is equipped with scientific and technological innovation research and development workshop, warehouse, accommodation office building and supporting service facilities, which can provide enterprises with business incubation services, enterprise management services, policy guidance services and supporting facilities services.

临西县—年产10万吨轴承钢管项目

LINXI COUNTY ANNUAL OUTPUT OF 100,000 TONS OF BEARING STEEL PIPE PROJECT

01 项目内容 THE PROJECT CONTENT

项目位于临西轴承工业园区内，总投资3亿元，建设年产2万吨轴承钢管生产线，规划用地面积100亩。规划面积14.87平方公里，建成区8.6平方公里，园区内现有轴承企业77家。项目建成后，预计年可生产GCR15轴承钢管2万吨，年产值近4.5亿元，实现税收0.8亿元。目前，我国轴承钢管产业的可持续发展，进入了黄金时代，临西县每年吞吐钢材达到54万吨，统筹周边的临清、冠县、馆陶等地对各类轴承钢管需求远超200万吨以上，对轴承钢管的需求将明显增加。

The project is located in linxi bearing industrial park, with a total investment of 300 million yuan, with an annual output of 20,000 tons of bearing steel pipe production line, and a planned land area of 100 mu. The planned area is 14.87 square kilometers, and the built-up area is 8.6 square kilometers. There are 77 bearing enterprises in the park. After the completion of the project, it is expected to produce 20,000 tons of GCR15 bearing steel pipe annually, with an annual output value of nearly 450 million yuan and a tax revenue of 80 million yuan. At present, the sustainable development of China's bearing steel pipe industry has entered a golden era. Linxi County consumes 540,000 tons of steel every year. As a whole, the demand for all kinds of bearing steel pipes in surrounding cities such as Linqing, Guanxian and Guantao is far more than 2 million tons, and the demand for bearing steel pipes will increase significantly.

临西县—年产2万吨精密轴承钢球生产项目

LINXI COUNTY PRODUCTION PROJECT OF PRECISION BEARING STEEL BALL WITH ANNUAL OUTPUT OF 20,000 TONS

01 项目内容 THE PROJECT CONTENT

项目总投资3亿元，建设年产2万吨精密轴承钢球生产线，规划用地面积80亩。项目建成后，预计年可生产精密轴承2万吨，年产值近3亿元，可实现税收0.5亿元。近年来，先进装备制造业已成为国家重点发展的核心产业之一，轴承作为高端装备制造的关键零部件，迎来了良好的发展契机。钢球作为轴承的重要组成部分，有巨大的市场潜力和良好的发展前景。同时，临西被誉为“中国轴承之乡”，是华北最大的轴承加工生产基地，年产量达到7.5亿套，轴承产业对钢球需求量日益增多，对钢球质量要求更加严格。产业和资源优势明显，也必将促进项目经济效益的提升。临西轴承工业园区内，现有成熟建设用地，基础设施配套完备。

The total investment of the project is 300 million yuan, and the production line of precision bearing steel ball with annual output of 20,000 tons is built. The planned land area is 80 mu. After the completion of the project, it is expected to produce 20,000 tons of precision bearings annually, with an annual output value of nearly 300 million yuan and a tax revenue of 50 million yuan. In recent years, the advanced equipment manufacturing industry has become one of the key industries for national development. Bearing, as a key component of high-end equipment manufacturing, has ushered in a good opportunity for development. As an important part of bearing, steel ball has huge market potential and good development prospect. At the same time, Linxi is known as "the hometown of bearings in China", and is the largest bearing processing and production base in North China, with an annual output of 750 million sets. The demand for steel balls in the bearing industry is increasing day by day, and the quality requirements for steel balls are more strict. The advantages of industry and resources are obvious, which will also promote the promotion of economic benefits of the project. Linxi bearing industrial park, there are mature construction land, complete infrastructure.

平乡县-世界童车之都千亿产业园项目

PINGXIANG INTERNATIONAL BUGGY CAPITAL 100 BILLION INDUSTRIAL PARK PROJECT

01 项目内容 THE PROJECT CONTENT

项目位于中国最大的童车及自行车零部件生产加工基地——平乡自行车高新技术产业开发区，拟投资71.66亿元，占地2100亩。平乡高新区是一家以童车研发和生产为主，集自行车及零配件、儿童玩具生产销售为一体的现代化生态园区。拥有“中国自行车零配件及儿童自行车产业基地”、“省级童车文化产业园”等荣誉称号。区内拥有“好孩子”、“天富”、“强久”、“恒弛”、“四星”、“菲华彩”等知名自行车、童车企业和惠恩纳电镀、协美橡胶、成易彩包装、南湘物流园等多家配套企业。

The project is located in Pingxiang Bicycle High-tech Industrial Development Zone, China's largest production and processing base for baby buggies and bicycle parts, with a planned investment of 7.166 billion yuan and an area of 2100 mu. Pingxiang High-tech Zone is a modern ecological park, which is mainly engaged in the research and development and production of baby buggies, as well as the production and sales of bicycles and spare parts and children's toys. It has the honorary titles of "China Bicycle Parts and Children's Bicycle Industry Base", "Provincial Stroller Cultural Industry Park" and so on. 宁晋县—中科鑫宝宁晋高分子材料有限公司年产4万吨聚苯醚项目

NINGJIN COUNTY ZHONGKE XIN BAO NINGJIN POLYMER MATERIALS CO., LTD. ANNUAL OUTPUT OF 40,000 TONS OF POLYPHENYL ETHER PROJECT

01

项目内容

THE PROJECT CONTENT

中科鑫宝宁晋高分子材料有限公司是上海鑫宝煤化能源集团有限公司（简称鑫宝集团）的全资子公司，成立于2017年10月，是鑫宝集团重点建设的以生产研发聚苯醚（PPO）新材料为主营业务的创新型产业。该公司在宁晋盐化工园区占地240亩，总投资11.68亿元，建设年产4万吨聚苯醚项目。项目投产后，预计年销售12亿元，纳税1.3亿元，新增就业岗位300人。高分子材料是国家重点支持新材料目录中鼓励对外引进的战略性新兴产业，被列入《增强制造业核心竞争力三年行动计划（2018年-2020年）》支持的九大重点领域之一。鑫宝在该领域的突破使中国成为极少数掌握该技术国家之一，在落实国家供给侧改革，实现创新驱动、转型升级方面有着重要意义。

目前，项目主体框架已完成，即将安装设备。因资金问题，急需寻求合作方。

Zhongke Xinbao Ningjin Polymer Materials Co., Ltd. is a wholly-owned subsidiary of Shanghai Xinbao Coal Chemical Energy Group Co., Ltd. (Xinbao Group for short), which was established in October 2017. It is an innovative enterprise focusing on the production and development of polyphenyl ether (PPO) new materials as its main business. The company covers an area of 240 mu in ningjinyan chemical industrial park, with a total investment of 1.168 billion yuan, with an annual output of 40,000 tons of polyphenyl ether project. After the project is put into operation, it is estimated that the annual sales will be 1.2 billion yuan, the tax payment will be 130 million yuan, and 300 new jobs will be created. Polymer materials is a strategic emerging industry that is encouraged to be introduced abroad in the National Key Support New Materials Catalogue, and has been listed as one of the nine key fields supported by the Three-Year Action Plan for Enhancing the Core Competitiveness of Manufacturing Industry (2018-2020). Xinbao's breakthrough in this field makes China one of the few countries that have mastered this technology, which is of great significance in implementing the national supply-side reform and realizing innovation-driven, transformation and upgrading.

At present, the main frame of the project has been completed, and the equipment will be installed soon. Due to financial problems, we are in urgent need of partners.

项目位于信都区会宁镇，总投资8亿元，占地145亩，总建筑面积12万平方米，分二期建成。建设内容为展厅、生产车间、办公区、科研开发和培训中心。公司致力于工业科技，专注于油田智能，坚守高标准、高要求，精工品质获得认可。产品领域专业专注，以智能化科技设备支持石油工程通讯、勘探及地质评估，旨在为石油工程的工作降低生产管理成本，有效提高工作效率与质量。核心产品智能采析机器人是服务于地质录井代替人工捞砂操作的自动化设备，经过长达六年的精心研发与现场试验，荣获8项国内专利和2项美国专利，是地质录井智能化的良好开端。项目投产，将实现年产智能设备1000台的生产能力。预计年销售收入3.8亿元，利税总额1.2亿元。累计增加就业岗位1000余个。

The project is located in Huining Town, Xindu District, with a total investment of 800 million yuan, covering an area of 145 mu and a total construction area of 120,000 square meters. It will be completed in two phases. The construction contents include exhibition hall, production workshop, office area, scientific research and development and training center. The company is committed to industrial science and technology, focus on oilfield intelligence, adhere to high standards, high requirements, Seiko quality has been recognized. Professional focus in the product field, with intelligent technology equipment to support petroleum engineering communication, exploration and geological evaluation, aimed to reduce production and management costs for petroleum engineering work, effectively improve work efficiency and quality. The core product, intelligent mining and analysis robot, is an automatic equipment that serves for geological logging instead of manual sand bailing operation. After six years of careful research and development and field test, it has won 8 domestic patents and 2 American patents, which is a good beginning of intelligent geological logging. With the project put into operation, the annual production capacity of 1000 sets of intelligent equipment will be realized. It is estimated that the annual sales revenue is 380 million yuan and the total profit and tax is 120 million yuan. Over 1,000 new jobs have been created.

信都区—河北春蕾3D打印产业园项目

XINDU DISTRICT HEBEI CHUNLEI 3D PRINTING INDUSTRIAL PARK PROJECT

01

项目内容

THE PROJECT CONTENT

项目位于邢台市信都区会宁镇综合物流聚集区，投资26亿元，占地520亩，是快速制造国家工程研究中心、国家增材制造创新中心战略合作伙伴和高技能人才培养基地，被人社部确定为世界技能大赛合作伙伴。

2020年3月，河北春蕾实业集团开始实施人才、项目双引工程，同时构建起“一链两翼一平台”模式的国家级增材制造产业产教融合平台，打造在全国具有影响力、产业吸引力和产业技术孵化力的增材制造产业园区。逐步形成“一链”（增材制造产业扫描仪、数据处理工作站、桌面打印机、树脂打印机、金属打印机、增减材一体机及后处理设备研发生产七家合资公司）、“两翼”（教育科技应用推广、工业制造应用推广两类公司）和“一平台”（人社部技能大赛平台）的发展模式，成为集3D打印技术研发、加工生产、装备制造、教育培训、增材制造产业就业推荐和企业服务为一体的产教融合型科技创新型大型企业集团，为国家增材制造产业发展和邢台经济建设作出新的贡献。

The project is located in the comprehensive logistics cluster area of Huining Town, Xindu District, Xingtai City, with an investment of 2.6 billion yuan and an area of 520 mu. It is the National Engineering Research Center of Rapid Manufacturing, the strategic partner of National Additive Manufacturing Innovation Center and the training base for high-skilled talents, and has been identified as the partner of the World Skills Competition by the Ministry of Human Resources and Social Security.

In March 2020, Hebei Chunlei Industrial Group began to implement the talent and project dual-introduction project, and at the same time, it built the "one chain, two wings and one platform" mode of the national additive manufacturing industry integration platform, and built the additive manufacturing industrial park with influence, industrial attraction and industrial technology incubation capacity in the country. Gradually formed a "chain" (add material manufacturing industry, desktop printers, scanners, data processing workstation resin printer, metal printer, increase or decrease in all-in-one and post-processing equipment research and development production of seven joint venture), the "two wings" (education, science and technology promotion, industrial application promotion of two types of companies) and "platform" (people club department skills contest platform) model of development, It has become an industry-education integrated science and technology innovative large enterprise group integrating 3D printing technology research and development, processing and production, equipment manufacturing, education and training, employment recommendation of additive manufacturing industry and enterprise services, making new contributions to the development of national additive manufacturing industry and the economic construction of Xingtai.

项目内容

THE PROJECT CONTENT

年产1000万米环保型特种电缆生产项目，位于宁晋县大曹庄工业园区通缆电工有限公司厂内，拟投资1.5亿元，占地34亩，建设生产车间3座和研发楼一栋，总建筑面积约46600.24平方米，该项目以铜和环保型绝缘护套材料为主要原料，通过拉丝、导体绞合、挤出绝缘、成缆、环保型护套挤出后产出成品，为建筑用新型产品。生产工艺采用全自动生产线，按环保标准要求，原料储存、生产加工全部实施密闭管理。项目完成后，年产环保型特种电缆1000万米。项目投产后亩均税达到20万元以上，亩均产值达到400万元以上。

The project is located in Tongcable Electrical Co., Ltd., Dacaozhuang Industrial Park, Ningjin County. It is planned to invest 150 million yuan, covering an area of 34 mu, to build 3 production workshops and 1 research and development building, with a total construction area of about 46,600.24 square meters. The project takes copper and environment-friendly insulation and sheath materials as the main raw materials. Through drawing, conductor stranding, extruding insulation, cable, environment-friendly sheath after extruding, the finished product is a new type of construction products. The production process adopts automatic production line, according to the requirements of environmental protection standards, raw material storage, production and processing are all implemented airtight management. After the completion of the project, the annual output of environmental protection special cable is 10 million meters. After the project is put into production, the per mu tax reaches more than 200,000 yuan, and the per mu average output value reaches more than 4 million yuan.

信都区-龙冈中小企业创业园（应急产业园）项目

XINDU DISTRICT LONGGANG SME PIONEER PARK (EMERGENCY INDUSTRIAL PARK) PROJECT

01 项目内容 THE PROJECT CONTENT

龙冈中小企业创业园位于龙冈经济开发区内，总占地面积约350亩，建筑面积约30万平方米，总投资约10亿元。园区将打造成信都区对外开放和招商引资的重要载体，智能制造产业聚集的重要平台。一期规划建设为1个综合服务区+5个生产区，综合服务区新建6层综合服务楼1栋，建筑面积约10800m²，是一个集管理、会议、培训、文化活动、配套食堂商业等多重复合功能于一体的现代化办公场所；生产区新建5栋标准化厂房和4栋多功能厂房，建筑面积约53432m²，各单元设计中考虑有独立货梯和水电、管网配套设施，部分厂房预留行车承轨梁。

Longgang SME Pioneer Park is located in Longgang Economic Development Zone, with a total area of 350 mu and a building area of 300,000 square meters, with a total investment of about 1 billion yuan. The park will become an important carrier of Xindu District's opening up and investment attraction, as well as an important platform for the intelligent manufacturing industry. The first phase is planned and constructed as 1 comprehensive service area +5 production areas. The comprehensive service area is a new 6-storey comprehensive service building with a construction area of about 10,800 square meters. It is a modern office space integrating multiple complex functions such as management, meeting, training, cultural activities, supporting canteen and business. In the production area, there are 5 standardized workshops and 4 multi-functional workshops, with a construction area of about 53,432 m². In the design of each unit, independent freight elevators, water, electricity and pipe network supporting facilities are considered, and some workshops are reserved for wagon bearing rail girders.

项目内容

THE PROJECT CONTENT

项目位于邢台旭阳经济开发区，拟投资50亿元，占地2000亩，依托旭阳经济开发区现有产业基础和副产氢气资源，建设氢能产业园，构建邢台市氢能生态圈和产业示范基地。项目建成后，可实现年销售额100亿元，利税20亿元。

氢能是一种高能、高效、环境友好的清洁能源，是替代化石能源、改善大气环境、减少碳排放的最佳选择，是国家重点支持和发展的领域。《河北省推进氢能产业发展实施意见》文件指出，推动氢能产业高质量发展，支持河钢集团、峰峰集团、旭阳焦化等工业企业开展氢能应用示范。

The project is located in Xingtai Xuyang Economic Development Zone, with a planned investment of 5 billion yuan and an area of 2,000 mu. Relying on the existing industrial base and by-product hydrogen resources of Xuyang Economic Development Zone, the project will build the hydrogen energy industrial park and the hydrogen energy ecosystem and industrial demonstration base of Xingtai City. After completion, the project will achieve annual sales of 10 billion yuan and profits and taxes of 2 billion yuan.

Hydrogen energy is a kind of high-energy, efficient and environment-friendly clean energy. It is the best choice to replace fossil energy, improve atmospheric environment and reduce carbon emission. It is a key field supported and developed by the state. The Implementation Opinions on Promoting the Development of Hydrogen Energy Industry in Hebei Province pointed out that the high-quality development of hydrogen energy industry should be promoted, and industrial enterprises such as He Steel Group, Fengfeng Group and Xuyang Coking should be supported to carry out hydrogen energy application demonstration.

南和区宠物产业园位于中兴东大街以北，顺水河生态旅游城以东，总规划面积约1.11平方公里（合1665亩），现园区内水、电、汽、路等基础配套设施已完善；园区总体定位：宠物嘉年华，食品、用品生产销售及服务体系。总体布局：规划“一核、一带、一环、三区”。一核：即以创业服务中心、会展中心为核心。一带：沿中兴大街构建形象展示界面，建设以宠物为主题的形象展示带。一环：沿规划区周围设置环状绿化景观带，沿顺水河建设宠物主题文化园。三区：宠物食品用品生产区、宠物服务区、商住综合区。

园区规划建设立足于南和区域宠物产业优势基础，按照宠物产业全产业链发展规划，全力打造宠物食品、用品、商贸服务、文化主题、繁育、产品检测等6个专项基地，进一步引导宠物食品、用品及上下游企业入园集群式发展、园区化规范管理；高标准创业空间、高科技研发设备、高规格展示中心，实现宠物产业生产者、创业者“零门槛”“拎包入住”。目前，该园区道路管网水电等基础设施完工，智优捷包装产业园、华兴宠物食品、宠物主题乐园开工建设。

Nanhe District Pet Industrial Park is located to the north of Zhongxing East Street and to the east of Shunshui River Eco-tourism City, with a total planning area of about 1.11 square kilometers (1665 mu). At present, water, electricity, steam, road and other basic supporting facilities in the park have been improved. The overall positioning of the park: pet carnival, food, supplies production and sales and service system. Overall layout: planning "one core, one belt, one ring, three districts". One core: namely, the entrepreneurship service center and the exhibition center are the core. One area: build an image display interface along Zhongxing Street, and build an image display belt with pets as the theme. The first link: a ring green landscape belt is set around the planning area, and a pet themed cultural park is built along the Shunshui River. Three areas: pet food and supplies production area, pet service area, commercial and residential comprehensive area.

Park planning and construction based on the south and regional pet industry advantage, in accordance with the pet industry whole industry chain development plan, dedicated to pet food, supplies, business services, cultural theme, breeding, product testing and other six special base, further guide the pet food, supplies and upstream and downstream enterprises cluster development in the park, the park management; High standard entrepreneurial space, high-tech research and development equipment, high specification exhibition center, to achieve the pet industry producers, entrepreneurs "zero threshold" "move-in". At present, the park's road, pipe network, hydropower and other infrastructure has been completed, and the construction of Zhiyoujie Packaging Industrial Park, Huaxing pet food and pet theme park has begun.

宁晋县-食品餐具科技园区项目

NINGJIN COUNTY FOOD AND TABLEWARE SCIENCE AND TECHNOLOGY PARK PROJECT

01

项目内容

THE PROJECT CONTENT

宁晋县拥有蜡烛餐具生产企业40余家，其中百花烛业、西武蜡业2家规模企业，年产值超10亿元，是全国最大的蜡烛餐具生产基地。行业起步于上世纪末，具有30年的发展历史，从最初的单一生产蜡烛发展到现在涉及所有的生日用品及餐具配套，不断投入资金，更新生产设备。百花烛业的主导产品开花乐（开花式音乐蜡烛）荣获第二届亚洲国际技术新产品博览会“金奖”。该行业配套加工家庭覆盖周边3县20镇，为超过5万家庭增加收入、带动就业，具有广阔的发展空间和发展前景。

随着企业的不断发展和转型升级，原有的生产经营模式已经逐步转变，企业迫切需要升级改造，因此规划了食品餐具科技园区。占地面积200亩，总投资5亿元，新建可容纳40家规模企业生产的三层生产车间，总建筑面积40万平米，新建办公、研发及配套建筑15栋，总建筑面积5万平米。

Ningjin County has more than 40 candle tableware production enterprises, including Baihua candle industry and Xiwu wax industry, with an annual output value of more than 1 billion yuan. It is the largest candle tableware production base in China. The industry started at the end of last century and has a 30-year development history. From the initial single production of candles to now, it involves all the birthday supplies and tableware matching, and continuously invests in updating production equipment. Huahuale, the leading product of Baihua candle industry, won the "Gold Award" of the second Asia international new technology products Expo. The supporting processing families of the industry cover 20 towns in 3 surrounding counties, increasing income and promoting employment for more than 50000 families, which has broad development space and prospects.

With the continuous development and transformation and upgrading of enterprises, the original production and operation mode has gradually changed, and enterprises urgently need to upgrade, so the food and tableware science and technology park is planned. It covers an area of 200 mu with a total investment of 500 million yuan. A three-story production workshop with a total construction area of 400000 square meters is newly built, which can accommodate 40 large-scale enterprises. There are 15 new office, R & D and supporting buildings with a total construction area of 50000 square meters.

宁晋县-家乐园城市经济综合体项目

NINGJIN COUNTY JIALEYUAN URBAN ECONOMIC COMPLEX PROJECT

01 项目内容 THE PROJECT CONTENT

项目位于凤凰路以东、安宁大街以北，城市综合体由城市商业广场和高端住宅社区组成总投资约20亿，其中城市商业广场项目总建筑面积约4万㎡。该项目从城市运营商的角度出发，以人性化设计助推城市发展为原则，提高城市宜居水平，力争打造成宁晋城市地标。项目以先进商业理念为引领，全力打造宁晋“城市客厅”，定位城市时尚生活中心，在业态规划及主力店的引进上，均以商业长期发展与稳定增值为目标，满足消费者购物、休闲、娱乐、社交、生活体验等一站式消费需求，最终将其打造为一座可逛、可购、可居住的24小时不夜城暨城市综合体。

The project is located to the east of Fenghuang Road and to the north of Anning Street. The urban complex consists of urban commercial square and high-end residential community with a total investment of about 2 billion, of which the total construction area of urban commercial square is about 40,000 square meters. From the perspective of urban operators, the project takes humanized design as the principle to boost urban development, improve the livable level of the city, and strive to build a landmark of Ningshan-Shanxi city. Led by advanced commercial concepts, the project strives to build Ningshan-Shanxi "City Living Room" and position itself as the city's fashion life center. In terms of format planning and the introduction of main stores, the project aims at long-term commercial development and stable value-added, so as to meet the one-stop consumer needs of consumers for shopping, leisure, entertainment, social contact and life experience. Finally, it will be built into a 24-hour city and urban complex that can be visited, purchased and lived in.

宁晋县-北河庄镇云台寺文化旅游康养项目

NINGJIN COUNTY BEIHEZHUANG TOWN YUNTAI TEMPLE CULTURAL TOURISM HEALTH PROJECT

01 项目内容
THE PROJECT CONTENT

云台寺坐落在宁晋县北河庄镇，占地面积约15万平方米。原名普照庵，始建于东汉末年-建之开皇年间（公元581-600年）云台上建立了寺庙，唐朝开元年间（713-741）改为云台寺。高祖5年（622），玄奘东游至此。1998年经市主管部门批准，同意重修云台寺。云台寺大雄宝殿、天王殿先后于2005年和2007年11月8日落成并开放。该项目以云台寺文化为依托，运用创意化的手段，打造以农业观光、田园采摘、休闲养生、文化体验为一体的生态旅游度假区。

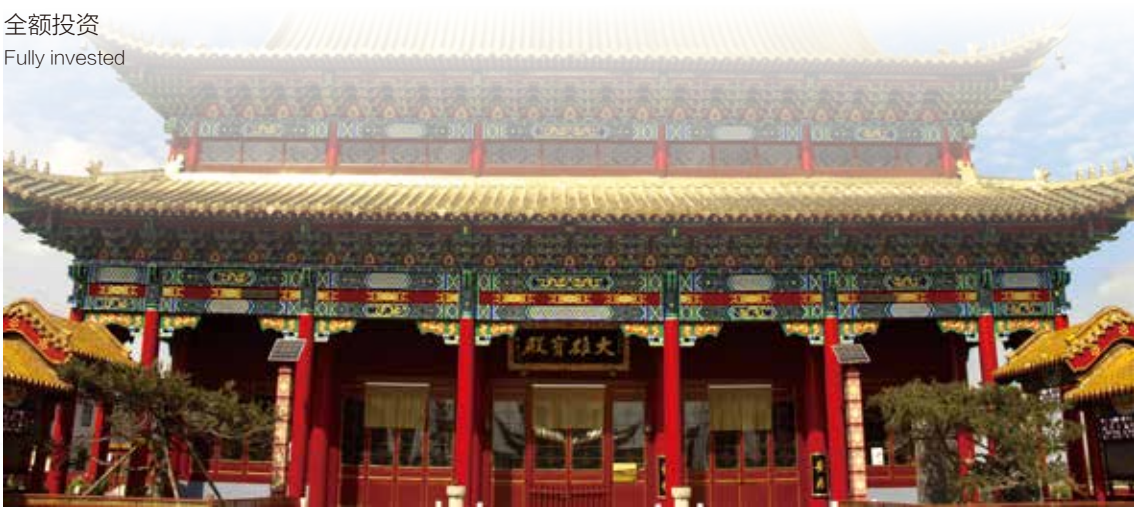

Yuntai Temple is located in Beihezhuang Town, Ningjin County, covering an area of about 150,000 square meters. Originally known as Puzhao Nunnery, it was first built in the late Eastern Han Dynasty (AD 581-600) when a temple was built on Yuntai. It was changed to Yuntai Temple in the Kaiyuan Period of the Tang Dynasty (713-741). In the 5th year of Gaozu (622), Xuanzang traveled east to this point. In 1998, approved by the city department in charge, agreed to rebuild the yuntai temple. The Great Hero Hall and the Heavenly King Hall of Yuntai Temple were completed and opened in 2005 and November 8, 2007 respectively. Relying on the culture of Yuntai Temple, the project uses creative means to create an ecological tourism resort integrating agricultural sightseeing, pastoral picking, leisure and health preservation, and cultural experience.

隆尧县—尧山文化旅游区项目

LONGYAO COUNTY YAOSHAN CULTURAL TOURISM AREA PROJECT

01

项目内容

THE PROJECT CONTENT

项目位于隆尧县山口镇，是尧山文化的核心发源地。尧山历史悠久，文物古迹众多，上古五帝之一尧帝始封于此，因以得名，素有“五山夹五川，五帝加一仙”的美誉。千百年来，人们为了纪念尧帝的丰功伟绩，相继在尧山上修建了尧帝庙、书楼房、资治书院、隆胜寺等大量文物遗迹。其中北山主要以民俗庙宇、石刻为特色，知名度高、观光人员多，以农历四月初一为主的五个“尧山传统庙会”，会众可达近百万人。南山区原为尧帝庙所在地，现已被毁，目前，矿坑成片，满目疮痍，局部正处于生态恢复阶段。该旅游区文物古迹众多，现代人文景观初具规模，地理环境优势突出。

目前已投入1.5亿元，在南山修复3个平台，植树3.6万余棵，完成两座工业遗址修复，山间公路3.5公里；北山已修建停车场一个，盘山公路2.5公里，植树9万余棵。

The project is located in Shankou Town, Longyao County, which is the core birthplace of Yaoshan culture. Yaoshan has a long history and many cultural relics and historic sites. One of the five emperors in ancient times, Emperor Yao was sealed here. Because of its name, it has the reputation of "Five Mountains and Five Rivers, Five Emperors and One Immortals". For thousands of years, people in order to commemorate the great achievements of the yao emperor, have built a large number of cultural relics such as the yao emperor temple, the book building, the academy of governance, the long sheng temple in the yao mountain. Among them, Beishan is mainly featured by folk temples and stone carvings. It enjoys high popularity and many visitors. The five "Yaoshan Traditional Temple Fairs", which are mainly held on the first day of the fourth lunar month, have a congregation of nearly one million people. Nanshan District, formerly the site of the Yaodi Temple, has been destroyed. At present, there are numerous mines, which are in the stage of ecological restoration. The tourist area has numerous cultural relics and historic sites, modern cultural landscape has begun to take shape, and the geographical environment has outstanding advantages.

So far, 150 million yuan has been invested in the restoration of three platforms and more than 36,000 trees in Nanshan, and the restoration of two industrial sites has been completed. The road between the mountains is 3.5 kilometers. Beishan has built a parking lot, 2.5 kilometers of Panshan road, and planted more than 90,000 trees.
